A BLOODY BATTLE!

Fought by a Colored Man With a Party of Desperadoes--Double Tragedy at La Crosse.

AUGUSTA, Ga., May 29.—A small band of disguised white men went to the home of Bentley Davis, colored, at Spring Place on Tuesday night, for the purpose, it is supposed, of whipping Davis' daughter, who had a few days before, had a difficulty with a white girl. At the first alarm Davis fired two shots from a shotgun, and then emptied his revolver into the crowd. By this time the men had surrounded the house, and were making their way into the door. Davis resorted to his axe, and began to defend himself from the onslaughters.

Davis says he is confident that he killed one of the white men by splitting his head with an axe, and that he seriously wounded two others. Daylight showed that a bloody battle had been fought. Blood stains were found and trails of blood were seen leading along the road in two directions from the house. Davis was found in the fields near by, where he had been left for dead. He was shot in the back by one of the mob, who, he says, chased him and shot him as he ran. The physicians say he can not recover. It is said that some of the parties in the mob are known, and that they will be punished for their unlawful attack upon Davis.

LACROSSE, Wis., May 29.—Charles Lind, formerly a dealer in general merchandise at Hillsboro, Vernon county, shot his wife, who is still living, and then committed suicide at his home in that village. The cause leading to the crime was financial embarassment. Two small children are left. He left a sealed letter containing instructions as to their future care.

SEDALIA, Mo., May 29.—It has been proven that Williamson, the murderer of the two Moores was also a wife murderer. The body of Mrs. Williamson was found yesterday burried in a hole on the premises in which they lived during the winter. She suddenly disappeared last July and Williamson said she had gone to Illinois on a visit. Three days later he claimed to have received information of her death. The remains recovered yesterday give evidence of foul play. Mrs. Moore, the wife of the Elder Jefferson Moore, was arrested last night for complicity in the crime. She denies her guilt.

JOLIET, Ill., May 29.—John Reinhart, aged 72 years, is missing. Yesterday he sold a block, getting $11,000. His family fear that he has become suddenly demented or has been murdered.

NEW YORK, May 29.—Shortly after 7 o'clock this morning Jacob Epstein, aged twenty-seven years, a cigarmaker, residing at 218 Eldridge street, shot his wife, Flora, in the back. He then turned the pistol on himself and fired a shot into his mouth. Both are thought to be fatally wounded.

WANTON ACTS.

Students of Miami University Confess to Outrages.

HAMILTON, Ohio, May 29.—The lady managers of the Western Female seminary sometime ago forbade the students of Miami university to visit the girls of the seminary. On Tuesday evening three of the female teachers drove to Oxford to attend a Methodist church social. When the social was over their $500 horse and carriage were missing, The horse was found yesterday morning dead and fearfully mutilated. Four Miami university boys have confessed to President Warfield, who refuses to give their names to the public.

THE PLAYERS' LEAGUE

Is Tired of Its Fight With the National League.

CHICAGO, May 29.—The Post this afternoon says the Players' league has tired of its fight with the National league and has issued a call for a secret meeting to be held in New York for the purpose of reconstructing its schedule so as to avoid all conflicting dates, or nearly all, with the older organization.

Secretary Brunnel, who was to have left for Indianapolis, was prevented from starting by being slightly injured while indulging in a bit of infield practice yesterday. If he recovers sufficiently to travel he may take the night train for New York.

An Hour Before the Ceremony the Prospective Bride Ends Her Own Life.

REPUBLICAN RULE.

Indiana in a Bad Financial Way—$500,000 Deficiency Which the Next Legislature Must Provide For.

INDIANAPOLIS, May 29.—Indiana is in a bad way financially. The necessary running expenses are rapidly increasing, while the income is not, owing to inadequate taxation and under-appraisement. The state auditor has figured out a deficiency of $500,000, which the next legislature must provide for, either by increasing the tax levy or make a new loan, The increased levy and higher appraisement are, however, declared to be inevitably necessary.

CLEVELAND'S EVENT.

Everything in Readiness for the Dedication of the Garfield Monument.

CLEVELAND, Ohio, May 29.—When the sun goes down to-night everything will be in readiness for the dedication of the Garfield memorial. Fair weather is the only thing now needed to insure the success of the event.

President Harrison and party arrived at 12:55, the special train having made up lost time at the Pittsburg. Although the bluffs in front of the depot were black with people very little enthusiasm was manifested when the president and his associates made their appearance. Secretary Rusk, who was instantly recognized, received perhaps the heartiest welcome.

The president occupied the first carriage, which was drawn by coal black horses, with Commodore E. Ells as escort. Then came Vice-President Morton, next Governor Foster, Attorney General Miller and Secretary Windom. Postmaster General Wannamaker and Major McKinley, General Rusk and S. T. Everett, carriages containing the reception committee bringing up the rear. In the business centers and along Euclid avenue the president was received and given a hearty greeting, crowds flocking around the carriage and endeavoring to shake his hand.

THE REBEL FLAG

Put Over Washington's Statue at Richmond, Va.

RICHMOND, Va., May 29.—Some one climbed up the statue of George Washington in the state house grounds this morning and put confederate emblems in the hands of the figure. Several protests have been entered against leaving the flags there but authorities refused to take them down and they are still there. Several other evidences of intense feeling are visible, but only in spots.

The Evening States has Robt. T. Lee, "America's greatest man," over its front office. In a speech made at the reunion of Picketts camp of Confederate veterans, last night, General Rosser said if Lee had known what the horrors of reconstruction would be he would not have surrendered at Appatomax.

WASHINGTON.

The Proceedings in the National Legislature.

The senate agrees that when it adjourns to-day it will be until Monday. Routine business being transacted, the senate resumed consideration of the "original package" bill.

In the house to-day the senate bill was passed for the relief of the widow of Rear Admiral David McDougal. The house then went in a committee of the whole on public building bills.

LEE'S MONUMENT

Unveiled at Richmond in the Presence of a Concourse of People.

RICHMOND, Va., May 29.—With blare of trumpet, beat of drum and the booming of cannon, the monument to General Robert E. Lee, erected by the ladies of the south, was unveiled to-day in the presence of a great multitude of people. Colonel Archer Anderson delivered the address and the monument was then unveiled. The exercises were fraught with the deepest interest.

THIEF CAPTURED.

A Confidential Clerk Falls Into the Hands of the Officers.

KANSAS CITY, Mo., May 29.—Elza Allen, the confidential clerk of Austin & Co., mortgage loan brokers, who recently absconded with $20,000 of his employers' money, was captured at Marquette, Mich., yesterday, and will be brought back at once. Although he was a married man, Allen was endeavoring to persuade a young lady to elope with him.

ANARCHIST ARRESTED

On Suspicion at Chicago for Friday Night's Deed.

CHICAGO, May 29.—Jas. Kaiser, an anarchist from New York, who has been ostensibly peddling religious books here, has been arrested on suspicion of placing the dynamite under the policeman's Haymarket monument, He is said to be a "red," but there is little evidence against him, except that he was seen lurking in the vicinity of the monument last Friday night.

HIT HILLS HARD.

The Jury Finds a Verdict of Three Years Against the Lightning Rod Swindler—Hills at Liberty.

The jury in the case of Waldo Hills' went out last evening and had an all-night deliberation. A few minutes before 9 o'clock this morning the court house bell rang and it was known from this that the jury was ready to report a verdict. It was the signal for a rush to the circut court room, which was soon crowded with people, who were anxious to hear the verdict. Waldo Hills, the defendant, who was at liberty under bond, was among the first to arrive. As he took a seat near the judge's bench his pale face and nervous demeanor told plainly that he had not slept well during the night. The sealed verdict was handed to Acting Judge Alden and he read it. It sentenced Hills to three years in the penitentiary, and as the judge read it there was a silence so intense that a pin could have been heard to drop, but the stillness soon gave way to audible murmurings among the crowd, nearly all of whom seemed surprised.

Attorneys Henry Colerick and J. R. Bittinger, attorneys for the defense, gave notice at once of their intention of filing a motion for a new trial. Prosecutor J. M. Robinson then asked the court to require an increased bond, which was overruled by Judge Alden. Hills was then at liberty under the old bond of $1,000, signed by Fred C. Boltz and Richard C. Ross. Should the court refuse to grant a new trial the case will go to the supreme court.

Hills has many friends who attribute his heavy sentence to an unbalanced jury, there having been ten farmers and two other citizens in the box. The first ballot of the jury was 10 to 2 for conviction.

The charge on which Hills is convicted is that of swindling a farmer named William Warcup in a lightning rod deal. In the evidence much was elicited that nearly everyone thought would be favorable to Hills but it seems it was not. One court has decided that he has perpetrated a big swindle and now it remains to be seen what another court or jury will find. The strong prosecution in the hands of Prosecutor Robinson and Walpole G. Colerick, it is thought, had a great deal to do with the verdict.

The ceremony was performed by Father Lang in the presence of Mr. Edward Burke, a brother of the groom, and Miss Mary Reidy, a sister of the bride.

Soon afterwards another wedding occurred at the Cathedral, it being the marriage of Mr. Joseph P. Hall to Miss Flora Strack, a daughter of Charles Strack, who, for twenty-two years been a member of the Cathedral choir, and as a fitting tribute of respect the choir sang a most beautiful mass. Rev. M. J. Byrne performed the ceremony. The young couple were chaperoned by Chas. Strack, jr., and Miss Carrie Hammerly. Both of the last named couple will spend a week in honeymoon out of town, and then return to grace their new homes in the beautiful south side.

IT WAS A BEAUTY!

Yesterday's Game Between Fort Wayne and Muncie Results in a Victory for Our Boys.

"It was a beautiful game!"

Such was the universal opinion of those who saw the game of base ball played yesterday afternoon on the league grounds between the Fort Waynes and the Muncies.

The Fort Waynes had just returned from a tour during which they had suffered some pretty bad defeats. They had been unmercifully "knocked out of time" at several places, and their star was in the descendency. True, they had won the day before in a game with the Bluffton at Bluffton, but their friends had lost confidence in them and the general verdict was that they were "no good." Hence two victories coming in succession to them somewhat surprised everybody, and Fort Wayne's chances of winning the pennant went up "a peg or two."

Their victory may have been partly due to the fact that they were playing upon their own grounds. It is an old saying that a rooster always fights better in his own barn yard. Our boys were at home. They were surrounded by friends who wished for their success and cheered their every good play. This fact undoubtedly cheered them, prompted them to do their "level best," and may have contributed much to making them victorious. Whatever the cause, however, it is an undisputed fact that Fort Wayne played good ball yesterday and earned the success that came to them.

Gallagher, on account of the injury to his arm, was unable to pitch and Bruton, who has been playing at short, was put in the box. He proved a success, and a surprise to the audience, who in the latter part of the game testified their appreciation of his playing by raising a purse of $10 for him.

The game opened with Fort Wayne at the bat, Allen being the first striker. He went out at first on a short hit, followed by Quirk and Bruton without a tally. The Muncies were also retired without a run, and for three innings neither sent a man around the bases, but in the fourth inning Bruton made a circuit of the diamond, reached home base and scored the first run for Fort Wayne amid thunders of applause from the audience. The game went on with almost faultless playing on both sides until the eight inning when Fort Wayne scored two more runs which they repeated in the ninth making five tallies and a clean score of whitewashes for the visitors.

The game was the best game that has been played on the ball grounds this season, and the large audience present showed their appreciation by the profuse applause, not only at the good plays made, but of the gentlemanly and impartial manner in which Umpire Burnett rendered all his decisions. He not only controlled the players but the crowd as well and prevented the customary amount of hooting, yelling and kicking, which has always eminated from the "bleachers."

The score by innings yesterday was:

	1	2	3	4	5	6	7	8	9	
Fort Waynes	0	0	0	1	0	0	0	2	2	5
Muncies	0	0	0	0	0	0	0	0	0	0

Captain Jack Brown will take his ball club, "the Rivals," to Angola to-morrow to play a game with a nine of that place.

A game of base ball will be played on Friday afternoon between the clerks of the Muncie offices and the Pittsburg offices.

There will be two games to-morrow, one in the morning and the other in the afternoon with the Bluffton club, and Anderson Saturday and Monday.

The batting order in to-day's game is as follows: Allen, third base; Quirk, second base; Scott, first base; Bruton, short stop; Ferris, catcher; Downing, right field; Gallagher, center field; Ellery, left field; McCarty, pitcher; bench—Carson.

IMPORTANT PROCEEDINGS!

Officers Named for the Trustees of Taylor University--Other Preparations--To Solicit Stock.

At a meeting held last evening the officers of the board of trustees of Taylor university, were named as follows: President, Rev. A. E. Mahin; vice-president, Dr. C. B. Stemen; treasurer, Charles McCulloch; secretary, H. C. Schrader.

This afternoon the trustees of the Fort Wayne college are in session in this city for the purpose of considering a proposition from the officers of the proposed Taylor university to purchase the college grounds and buildings. If the terms of this proposition are accepted, as it is now supposed they will be, the next step of the promoters of the scheme will be to solicit stock from our citizens to establish said Taylor university. The substantial support of some of our people will be necessary for a successful founding of the new institution. The buildings will not be enlarged at present, but will be modernized to some extent.

Mrs. Mary A. Franz, proprietress of the Windsor hotel, on South Calhoun street, received a telegram this morning bearing the shocking intelligence that her son, Fred W. Franz, was instantly killed at Erie, Pa., last night. The particulars were not given.

Fred Franz was twenty-one years old. He was raised in Fort Wayne and was very popular among his associates, who will be pained to hear of his death. Franz was a machinist and left here about five weeks ago to seek employment. It is thought he found work there and was killed by machinery while in the performance of his duty. The remains will be taken to Ada, O., for interment.

HELD UP.

Bernhard Schruntz, a German, Assaulted and Robbed of $26.

A middle-aged German, named Bernhard Schruntz, bearing marks of an encounter with something or somebody, informed Officer Quinn to-day that he had been attacked by tramps near the Pittsburg river bridge west of the city, last night. He claimed that he was robbed of $26, all the money he had, and was afterward assaulted and told to proceed on his way, which he did forthwith. The officer listened to his tale of woe and promised to do all he could to recover the money, Schruntz came from the neighborhood of Columbia City and being in poor circumstances, had walked all of the way.

Later Officer Quinn arrested two persons on suspicion, one of whom Schruntz identified as being one of the men who attacked him. The fellows gave their names as Ed Cunningham and Charles Fink. Both are tramps and no doubt gave fictitious names.

REPORT OF COMMITTEE ON GAS AND STREET LIGHTS.

We, your committee on gas and street lights, to whom was referred the petition of Mr. T. D. Devilbiss, praying for the removal of an electric tower from the corner of east Creighton avenue and Thomas street, which he claims is partially erected on property which belongs to the petitioner. In examining the locality of the tower in question, we find one post partially intrudes upon the property in question. But as to what action should be taken in the matter, we are in doubt, and would ask for further time to report upon this petition, and would also ask that the city attorney be added to the committee to whom this petition was referred.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS.

We your committee on public grounds and buildings respectfully report as follows:

1. In regard to the petition of C. C. Moore asking the council to sell him a strip of land in Dawson's sub-division, will report that we have examined carefully into the matter and find that the city is not owning said strip of land, which petitioner wishes to buy.

2. In favor of the proposition of the Salimonie Mining and Gas company to light the different rooms and places in the city government, as it will be a saving to the city of at least $500 per annum and we recommend that the city attorney be instructed by the concurrence of this report to report contract at the next regular meeting of this council.

3. In regard to the bids of the different architects for plans and specifications for the construction of the two engine houses, will report that this committee is of the opinion that this is not a wise course to pursue. We therefore ask the council that this committee and the chief of fire department submit to this council by next regular meeting plans and also estimates for the construction of the two engine houses, of which the proper selections can be made.

4. In regard to the bid of John D. Lehman for doing scavenger work for the unexpired term of John Burlager from May 1, 1890, to October 1, 1890, for one hundred and twenty dollars ($120), this committee believes the bid is too high and therefore recommends that the committee on public grounds and buildings be instructed to readvertise for sealed proposals for doing the scavenger work for the city of Fort Wayne for one year.

REPORT OF COMMITTEE ON STREETS.

We, your committee on streets and alleys, respectfully report:

1. In favor of the resolution of Councilman Ofenloch to grade and pave the sidewalk on the west side of Smith street, from Creighton avenue to Pontiac street, as proper notice was given and adverse to the remonstrance relating to said improvement, as the same is necessary and dangerous to the public.

2. In favor of the resolution of Councilman Smith to grade Eliza street, from the east line of Gay street to the west line of McCulloch street.

3. In favor of the resolution of Councilman Gordon to grade and pave with brick the sidewalks on the south side of Taber street, from Calhoun to Clinton street.

4. In favor of the resolution of Councilman Gordon to grade and pave with brick the sidewalk on the east side of Calhoun street, from the north line of lot 356 Hamiltons fourth addition to Pontiac street.

5. In favor of the resolution of Councilman Gordon to grade and pave with bricks the sidewalk on the south side of Taber street, from Lafayette street to Hanna street.

6. In favor of the resolution of Councilman Gordon to grade and pave with brick the sidewalks on the north side of Suttenfield street, from Calhoun street to Clinton street.

7. In favor of the resolution of Councilman Gordon to grade Taber street, from Calhoun to Clinton street.

8. In favor of the resolution of Councilman Gordon to grade Suttenfield street, from Calhoun to Clinton street.

9. In favor of the resolution of Councilman Scheid to grade and pave with brick the sidewalk on the south side of Murray street, from Clinton to Barr street.

10. In favor of the resolution of Councilman Scheid to grade and pave with brick the sidewalks on the south side of Creighton avenue, from Lafayette to Hanna street.

11. In favor of the resolution of Councilman Scheid to grade and pave with cedar block Hanna street, from the south line of DeWald street to the south line of Creighton aveuue and curb with stone curbing both sides of said street.

12. In favor of the resolution of Councilman Scheid to grade and pave with cedar blocks Lafayette street, from the south line of Murray street to the south line of Hamilton street, and curb with stone curbing both sides of said street.

13. In favor of the resolution of Councilman Smith to grade and pave with brick the sidewalk on the south side of Eliza street, from Francis to Gay street

14. In favor of the resolution of Councilman Boltz to grade Oakland street, from Spring street to Archer avenue.

15. The plat of Thomas DeVilbiss sub-division of lots No. 9 and 10 Hanna's plat of lot No. 11, referred to your committee, report in favor of accepting the same, as we can find no objection to it.

16. In relation to the remonstrance of P. Cramer and others objecting to the plat of Thomas DeVilbiss to be accepted by the city, would say that this council ought not stop a person to replat his lots as long as he does not interfere with the free use of streets and alleys and the regularity of the same: we therefore report adverse.

17. In favor of petition of Daniel Hickman and others, asking to have the alley graded between Sherman and Oakland streets from Spring to Huffman street.

18. Also in favor of bill abounting to $5.00, rent for using reversible road scraper belonging to Fleming Manufacturing company and request the street commissioner to return the same.

19. In favor of petition of Thomas Pritchard asking this council to have a sidewalk constructed on the east side of Holton avenue from Creighton avenue to Pontiac street.

20. Mr. Wing represents to this council that he has already an asphalt walk in front of his lot, No. 210 Williams' addition, on the south side of Creighton avenue. We recommend that said walk be exempt from the contract.

21. Also in favor of petition of F. C. Reese and others asking to have Leith street opened to a width of —— feet from Calhoun street west to city limits, providing the above parties deposit forty dollars for calling out the city commissioners for the purpose of paying the expenses in case said parties refuse to comply with the decision of the commissioners.

22. There is no objection to the approval of the plat submitted by C. G. Pfeifer being a subdivision of the west half of the west half of Lillie out lot No. 2. We recommend its approval.

23. In relation to the resolution of Councilman Hilgeman regarding the relaying of cobble stone gutters on the line of the new street improvements we report adversely. 1st. Because the contracts have already been closed for the paving of such streets according to the plans and specifications of such streets 2nd. Because it discriminates between citizens to the kind of improvements they shall pay for, and, 3rd, because it would seriously interfere with the use of some of the streets and injure the appearance of all.

24. Regarding the petition of Beneke & Co., asking permission of the common council to unlawfully obstruct Calhoun street by placing thereon an upright box sign two feet by two feet square, we respectfully report that such permission to the street would be unlawful and if the council was to grant such petition, it would give petitioner no right so to do, and under the state law it would be the duty of the marshal and police to prosecute them therefor, and if said obstruction has been or will be placed upon said street, we recommend that the officers be instructed by His Honor, the mayor, to cause its prompt removal.

25. We have examined the report of the city commissioners in relation to the vacation of Fox street and find the same regular, therefore we recommend its acceptance.

26. In consideration of the report of the city civil engineer recommending the appointment of Wm. T. Pratt as inspector of public works, we report: All street improvements, including sewers this year ordered, provide for the expenses of inspector to be collected upon the property benefitted. While we acknowledge the right of the engineer to designate the inspector it must be by the approval of the common council. We therefore recommend that the property owners on the line of the different improvements be invited to harmonize upon a proper person as such inspector of each contract and submit the names of such persons to the city civil engineer for his selection and we are sure that he will submit their names as his appointments to the council for its approval. By reason of such method there is no reason for the appointment of a general inspector, but if the property holders upon the line of any particular improvement suggest the name of Mr. Pratt as their choice and the engineer recommend his appointment we would advise his approval. The services of inspector ends whenever the proposed work on said particular contract is finished.

27. In relation to the communication of Mr. Newton asking further time to comply with the resolution passed at a recent meeting to build a sidewalk on the west side of Fairfield avenue, between the Wabash road and Pittsburg road, we would recommend that a further time of 30 days be granted and upon failure to comply with said request contract for said work be approved to the lowest and best bidder.

28. The petition of property owners on East Wayne street amounting to 1,994½ feet frontage comes before you again and asking to have said street paved with West Virginia paving brick. It is not necessary to say much on this subject, as there has been a different petition presented to this council. We believe as there are now so many asking again for this particular pavement it would be policy for this council to grant their request, we therefore report in favor of the petition.

We recommend the following contracts to be approved:

29. To James Fox to grade the alley between Lewis and Summit streets.

30. To Gust Horstman to grade and pave with brick the sidewalks on the west side of Harrison street.

31. To Gust Horstman to grade and pave with brick the sidewalks on the east side of Harrison street.

32. To John McCann to grade Suttenfield street, from Lafayette to Hanna streets.

33 To George Wilhelm to grade Putnam street, from Wells street to Frankling avenue.

34. To Charles Becker to curb with stone curbing both sides of Calhoun street, from DeWald street to Creighton avenue.

35. To John McCann to regravel Brackenridge street, from Calhoun street to Webster street.

36. To Joseph Derheimer to grade and pave with cedar blocks East Main street, from Barr street to Lafayette streets.

37. To Jos. Derheimer to grade and pave with cedar block and curb with stone curbing DeWald street, from Fairfield avenue to Broadway.

38. We reject the bid of John Bertels to grade and pave the sidewalk on the east side of Clinton street, for the reason that the bids for grading is too high, and recommend the engineer to readvertise.

39. We also reject the proposal of John McCann for a two foot extension on Harrison street, as the same is too high.

40. In relation to the report of the city civil engineer asking to have the scales belonging to F. Helling, on Jefferson street removed report in favor of same and recommend the street commissioner be instructed to give the proper notice.

41. We also report in favor of the bill for $3,150 for the steam roller, as it fills the requirements of the specifications. As far far as we can ascertain from the parties the said roller is in all things regular.

42. On account of the bad and wet weather we had this past winter and spring our improved streets, especially the macadamized streets, are in such a condition as needs immediate attention: we therefore report that your committee be instructed to purchase three or four car loads of broken stone and repair said improved streets at once, as requested by the street commissioner in section 2 of his last report to the council.

43. We would also recommend that all streets should be graded before any sidewalk be ordered on such street; this would stop a good many complaints from citizens.

44. The bridge on Shawnee run will be raised higher from its present position and we would suggest that abutments should be built on both sides of the banks; this would be more substantial than piling and sheeting, as now under consideration. We would ask to have this section referred to the engineer to report his opinion in relation to the above suggestion at its next meeting.

45. We would also call the attention of the builders and contractors obstructing the streets in the different parts of the city to the city ordinance, and the permits read very plainly what part and how much of the street they can occupy. It is the officers' duty to see to it that all such ordinances are lived up to the strict letter of the law. We especially call attention to the corner of Gay and Horace streets. Half of the sidewalk is cased in and about three-fourths of the street is obstructed. We recommend that the day officers be instructed by his honor the mayor to bring all parties violating the rules to justice, otherwise the city will be called on to pay big damages.

2. We also recommend the purchase of some police belts and clubs.

3. We dismissed Leonard Fuchshuber, lieutenant of police, for cause and appointed Henry Lapp in his place.

4. We also suspended E. Richter for thirty days for violating the rules.

5. We have selected George McCrary, the present operator of the patrol system, as patrolman to fill the vacancy occasioned by the promotion of Henry Lapp.

REPORT OF CITY ATTORNEY.

I respectfully report to you that in December, 1886, Mrs. Eliza Breese recovered judgment against the city of Fort Wayne for $1,040 with costs for injuries received on defective sidewalk on Murray street, from which judgment the city appealed to the supreme court, where the case has been pending for three and a half years. Two months ago the case was decided against the city in that court and I filed a petition for a rehearing, which was overruled by the court. There remains nothing now to be done except to pay the judgment, interest and costs. By doing so promptly further cost and interest is saved. I therefore recommend that it be referred to the mayor and finance committee with power to act.

RERORT OF STREET COMMISSIONER.

1. The following streets that I report are not intended to be paved this year, namely: Wayne street, from Hanna to Hanover street; Maumee road, from Schick street to Lillie street; Lewis street, from Calhoun to Division street; Lafayette, from Lewis to the railroad. All the above named streets are in a very bad condition and should be repaired as soon as possible. To put said street in a reasonable condition will require an expense of between $700 or $800. To fill Maumee road alone to a proper grade along the Lutheran college grounds so as to turn surface water into the cobble stone gutters, will require a fill of 18 inches, or about 600 cubic yards of gravel, or a cost of about $270. I would wish to be instructed by your honorable body as to whether I should make the above named improvements soon, as the citizens along the line of said streets are complaining.

2. The alleys between Clinton and Barr and Main and Columbia streets are in a filthy condition; the old planks are rotten and stagnant water remains there, making it injurious to health. The alley should be paved.

D. O'BRIEN,
Street Commissioner.

Referred to the committee on streets.

REPORT OF HEALTH OFFICER.

At the corner of Wall and College streets there is a place in bad condition for fifty feet north of College street, on Wall street. The street is below grade and full of water, which needs immediate attention. Said portion of Wall street should be graded to the height of the balance of the street. Also on College street from the Pittsburg, Fort Wayne and Chicago railroad to Wall street, needs grading. The present condition of said streets is a nuisance to the neighborhood. I hope you will have this matter attended to at once.

DR. L. T. STURGIS.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it. H. W. COLEMAN, Of Coleman, Ferguson & Co., Dade City, Fla.

A working woman said she would walk ten miles to get the Ball corset, if she couldn't get it without. She had had experience with it.

That corset is just as easy the minute you put it on as it is when half worn out.

You can go to your store and get it and wear it two or three weeks, and then you will know what comfort is in a corset. If you are disappointed in it in any way, go back to the store and get your money within three weeks or so—you'll get it. The maker pays the merchant to do that.

There's a primer on Corsets for you at the store.

Habitual Costiveness

causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.

National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

— E. C. POTTER & CO. —

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

DR. STELLWAG, the famous Austrian oculist, during the course of a recent lecture at Vienna, related the following story of Dom Pedro of Brazil. He said that one of the Emperor's dearest wishes had been to have a big hospital at Rio, but that he lacked the money wherewith to build it, and the wealthy people could not be induced to subscribe. Then an idea came to him, as it had to the German Emperor Joseph a century ago. He began to grant life peerages to all persons who were willing to subscribe good round sums toward the hospital. The patents of Count, Viscount, and Baron were not hereditary, and if the children wished to inherit their father's title they had to pay for it afresh. Brazil became peopled with nobles, and the hospital was built on a grand scale. When it was completed, Dom Pedro had the following inscription placed on its gates: "Vanitas Humana Miseriæ Humanæ—Human Vanity to Human Misery."

THERE is a woman in New York who is an author, a doctor, an artist, and an actress. After breakfast in the morning, she spends a couple of hours over the manuscript of the story or essay which she has been employed to write. From 10 to 2 she practices medicine, and receives patients in her "office." She next works at her easel as a painter, until 6, and makes pictures, for which she finds buyers. After dinner and an hour's rest, she betakes herself to the theater, when she plays the light part for which she may be set down in the cast. Besides all this, she is a mother, and knows how to make her own clothes, and understands how to use her income from all her professions. And there are men who talk of the inferiority of the female sex, as compared with their own.

A BLOODY BATTLE!

Fought by a Colored Man With a Party of Desperadoes--Double Tragedy at La Crosse.

AUGUSTA, Ga., May 29.—A small band of disguised white men went to the home of Bentley Davis, colored, at Spring Place on Tuesday night, for the purpose, it is supposed, of whipping Davis' daughter, who had a few days before, had a difficulty with a white girl. At the first alarm Davis fired two shots from a shotgun, and then emptied his revolver into the crowd. By this time the men had surrounded the house, and were making their way into the door. Davis resorted to his axe, and began to defend himself from the onslaughters.

Davis says he is confident that he killed one of the white men by splitting his head with an axe, and that he seriously wounded two others. Daylight showed that a bloody battle had been fought. Blood stains were found and trails of blood were seen leading along the road in two directions from the house. Davis was found in the fields near by, where he had been left for dead. He was shot in the back by one of the mob, who, he says, chased him and shot him as he ran. The physicians say he can not recover. It is said that some of the parties in the mob are known, and that they will be punished for their unlawful attack upon Davis.

LACROSSE, Wis., May 29.—Charles Lind, formerly a dealer in general merchandise at Hillsboro, Vernon county, shot his wife, who is still living, and then committed suicide at his home in that village. The cause leading to the crime was financial embarassment. Two small children are left. He left a sealed letter containing instructions as to their future care.

SEDALIA, Mo., May 29.—It has been proven that Williamson, the murderer of the two Moores was also a wife murderer. The body of Mrs. Williamson was found yesterday burried in a hole on the premises in which they lived during the winter. She suddenly disappeared last July and Williamson said she had gone to Illinois on a visit. Three days later he claimed to have received information of her death. The remains recovered yesterday give evidence of foul play. Mrs. Moore, the wife of the Elder Jefferson Moore, was arrested last night for complicity in the crime. She denies her guilt.

JOLIET, Ill., May 29.—John Reinhart, aged 72 years, is missing. Yesterday he sold a block, getting $11,000. His family fear that he has become suddenly demented or has been murdered.

NEW YORK, May 29.—Shortly after 7 o'clock this morning Jacob Epstein, aged twenty-seven years, a cigarmaker, residing at 218 Eldridge street, shot his wife, Flora, in the back. He then turned the pistol on himself and fired a shot into his mouth. Both are thought to be fatally wounded.

THE PLAYERS' LEAGUE

Is Tired of Its Fight With the National League.

CHICAGO, May 29.—The Post this afternoon says the Players' league has tired of its fight with the National league and has issued a call for a secret meeting to be held in New York for the purpose of reconstructing its schedule so as to avoid all conflicting dates, or nearly all, with the older organization.

Secretary Brunnel, who was to have left for Indianapolis, was prevented from starting by being slightly injured while indulging in a bit of infield practice yesterday. If he recovers sufficiently to travel he may take the night train for New York.

REPUBLICAN RULE.

Indiana in a Bad Financial Way--$500,000 Deficiency Which the Next Legislature Must Provide For.

INDIANAPOLIS, May 29.—Indiana is in a bad way financially. The necessary running expenses are rapidly increasing, while the income is not, owing to inadequate taxation and under-appraisement. The state auditor has figured out a deficiency of $500,000, which the next legislature must provide for, either by increasing the tax levy or make a new loan, The increased levy and higher appraisement are, however, declared to be inevitably necessary.

CLEVELAND'S EVENT.

Everything in Readiness for the Dedication of the Garfield Monument.

CLEVELAND, Ohio, May 29.—When the sun goes down to-night everything will be in readiness for the dedication of the Garfield memorial. Fair weather is the only thing now needed to insure the success of the event.

President Harrison and party arrived at 12:55, the special train having made up lost time at the Pittsburg. Although the bluffs in front of the depot were black with people very little enthusiasm was manifested when the president and his associates made their appearance. Secretary Rusk, who was instantly recognized, received perhaps the heartiest welcome.

The president occupied the first carriage, which was drawn by coal black horses, with Commodore E. Ells as escort. Then came Vice-President Morton, next Governor Foster, Attorney General Miller and Secretary Windom. Postmaster General Wannamaker and Major McKinley, General Rusk and S. T. Everett, carriages containing the reception committee bringing up the rear. In the business centers and along Euclid avenue the president was received and given a hearty greeting, crowds flocking around the carriage and endeavoring to shake his hand.

THE REBEL FLAG

Put Over Washington's Statue at Richmond, Va.

RICHMOND, Va., May 29.—Some one climbed up the statue of George Washington in the state house grounds this morning and put confederate emblems in the hands of the figure. Several protests have been entered against leaving the flags there but authorities refused to take them down and they are still there. Several other evidences of intense feeling are visible, but only in spots.

The Evening States has Robt. T. Lee, "America's greatest man," over its front office. In a speech made at the reunion of Picketts camp of Confederate veterans, last night, General Rosser said if Lee had known what the horrors of reconstruction would be he would not have surrendered at Appatomax.

WASHINGTON.

The Proceedings in the National Legislature.

WASHINGTON, May 29.—The following bills were also laid aside favorably: Manketon, Minn., $50,000; Milwaukee, Wis., (insreasing limit to $1,400,000); Youngstown, Ohio, $75,000; Camden, Ark., $25,000; Sioux Falls, S. D., $150,000; Beatrice, Neb., $60,000.

The senate agrees that when it adjourns to-day it will be until Monday. Routine business being transacted, the senate resumed consideration of the "original package" bill.

In the house to-day the senate bill was passed for the relief of the widow of Rear Admiral David McDougal. The house then went in a committee of the whole on public building bills.

LEE'S MONUMENT

Unveiled at Richmond in the Presence of a Concourse of People.

RICHMOND, Va., May 29.—With blare of trumpet, beat of drum and the booming of cannon, the monument to General Robert E. Lee, erected by the ladies of the south, was unveiled to-day in the presence of a great multitude of people. Colonel Archer Anderson delivered the address and the monument was then unveiled. The exercises were fraught with the deepest interest.

THIEF CAPTURED.

A Confidential Clerk Falls Into the Hands of the Officers.

KANSAS CITY, Mo., May 29.—Elza Allen, the confidential clerk of Austin & Co., mortgage loan brokers, who recently absconded with $20,000 of his employers' money, was captured at Marquette, Mich., yesterday, and will be brought back at once. Although he was a married man, Allen was endeavoring to persuade a young lady to elope with him.

ANARCHIST ARRESTED

On Suspicion at Chicago for Friday Night's Deed.

CHICAGO, May 29.—Jas. Kaiser, an anarchist from New York, who has been ostensibly peddling religious books here, has been arrested on suspicion of placing the dynamite under the policeman's Haymarket monument, He is said to be a "red," but there is little evidence against him, except that he was seen lurking in the vicinity of the monument last Friday night.

HIT HILLS HARD.

The Jury Finds a Verdict of Three Years Against the Lightning Rod Swindler Hills at Liberty.

The jury in the case of Waldo Hills' went out last evening and had an all-night deliberation. A few minutes before 9 o'clock this morning the court house bell rang and it was known from this that the jury was ready to report a verdict. It was the signal for a rush to the circut court room, which was soon crowded with people, who were anxious to hear the verdict. Waldo Hills, the defendant, who was at liberty under bond, was among the first to arrive. As he took a seat near the judge's bench his pale face and nervous demeanor told plainly that he had not slept well during the night. The sealed verdict was handed to Acting Judge Alden and he read it. It sentenced Hills to three years in the penitentiary, and as the judge read it there was a silence so intense that a pin could have been heard to drop, but the stillness soon gave way to audible murmurings among the crowd, nearly all of whom seemed surprised.

Attorneys Henry Colerick and J. R. Bittinger, attorneys for the defense, gave notice at once of their intention of filing a motion for a new trial. Prosecutor J. M. Robinson then asked the court to require an increased bond, which was overruled by Judge Alden. Hills was then at liberty under the old bond of $1,000, signed by Fred C. Boltz and Richard C. Ross. Should the court refuse to grant a new trial the case will go to the supreme court.

Hills has many friends who attribute his heavy sentence to an unbalanced jury, there having been ten farmers and two other citizens in the box. The first ballot of the jury was 10 to 2 for conviction.

The charge on which Hills is convicted is that of swindling a farmer named William Warenp in a lightning rod deal. In the evidence much was elicited that nearly everyone thought would be favorable to Hills but it seems it was not. One court has decided that he has perpetrated a big swindle and now it remains to be seen what another court or jury will find. The strong prosecution in the hands of Prosecutor Robinson and Walpole G. Colerick, it is thought, had a great deal to do with the verdict.

RING MERRILY.

Wedding Bells Announce the Marriage of Several Couples in This City.

Last evening the marriage of Mr. Henry Schmidt, salesman for Foster & Co., to Miss Kate Bender, at the residence of the bride's mother, occurred. Rev. The ceremony was performed by Father Lang in the presence of Mr. Edward Burke, a brother of the groom, and Miss Mary Reidy, a sister of the bride.

Soon afterwards another wedding occurred at the Cathedral, it being the marriage of Mr. Joseph P. Hall to Miss Flora Strack, a daughter of Charles Strack, who, for twenty-two years been a member of the Cathedral choir, and as a fitting tribute of respect the choir sang a most beautiful mass. Rev. M. J. Byrne performed the ceremony. The young couple were chaperoned by Chas. Strack, jr., and Miss Carrie Hammerly. Both of the last named couple will spend a week in honeymoon out of town, and then return to grace their new homes in the beautiful south side.

The Weather.

WASHINGTON, May 29.—For Indiana: Warmer, southerly winds, fair to day, local showers and slightly cooler Friday.

IT WAS A BEAUTY!

Yesterday's Game Between Fort Wayne and Muncie Results in a Victory for Our Boys.

"It was a beautiful game!"

Such was the universal opinion of those who saw the game of base ball played yesterday afternoon on the league grounds between the Fort Waynes and the Muncies.

The Fort Waynes had just returned from a tour during which they had suffered some pretty bad defeats. They had been unmercifully "knocked out of time" at several places, and their star was in the descendency. True, they had won the day before in a game with the Bluffton at Bluffton, but their friends had lost confidence in them and the general verdict was that they were "no good." Hence two victories coming in succession to them somewhat surprised everybody, and Fort Wayne's chances of winning the pennant went up "a peg or two."

Their victory may have been partly due to the fact that they were playing upon their own grounds. It is an old saying that a rooster always fights better in his own barn yard. Our boys were at home. They were surrounded by friends who wished for their success and cheered their every good play. This fact undoubtedly cheered them, prompted them to do their "level best," and may have contributed much to making them victorious. Whatever the cause, however, it is an undisputed fact that Fort Wayne played good ball yesterday and earned the success that came to them.

Gallagher, on account of the injury to his arm, was unable to pitch and Bruton, who has been playing at short, was put in the box. He proved a success, and a surprise to the audience, who in the latter part of the game testified their appreciation of his playing by raising a purse of $10 for him.

The game opened with Fort Wayne at the bat, Allen being the first striker. He went out at first on a short hit, followed by Quirk and Bruton without a tally. The Muncies were also retired without a run, and for three innings neither sent a man around the bases, but in the fourth inning Bruton made a circuit of the diamond, reached home base and scored the first run for Fort Wayne amid thunders of applause from the audience. The game went on with almost faultless playing on both sides until the eight inning when Fort Wayne scored two more runs which they repeated in the ninth making five tallies and a clean score of whitewashes for the visitors.

The game was the best game that has been played on the ball grounds this season, and the large audience present showed their appreciation by the profuse applause, not only at the good plays made, but of the gentlemanly and impartial manner in which Umpire Burnett rendered all his decisions. He not only controlled the players but the crowd as well and prevented the customary amount of hooting, yelling and kicking, which has always eminated from the "bleachers."

The score by innings yesterday was:

	1	2	3	4	5	6	7	8	9	
Fort Waynes	0	0	0	1	0	0	0	2	2	—5
Muncies	0	0	0	0	0	0	0	0	0	—0

NOTES.

Manager Myers and Captain Scott "smole" great smiles.

The day was beautiful, the game great and the audience delighted.

More games like the one of yesterday will necessitate greater seating capacity.

The Muncies and the Fort Waynes are playing another game at the park to day.

The Concordia college team defeated a picked nine yesterday by a score of 11 to 6.

Captain Jack Brown will take his ball club, "the Rivals," to Angola to-morrow to play a game with a nine of that place.

A game of base ball will be played on Friday afternoon between the clerks of the Muncie offices and the Pittsburg offices.

There will be two games to-morrow, one in the morning and the other in the afternoon with the Bluffton club, and Anderson Saturday and Monday.

The batting order in to-day's game is as follows: Allen, third base; Quirk, second base; Scott, first base; Bruton, short stop; Ferris, catcher; Downing, right field; Gallagher, center field; Ellery, left field; McCarty, pitcher; bench—Carson.

General Foreman W. D. Miller, of the Nickel Plate, accompanied by his wife, went to Chicago to-day.

IMPORTANT PROCEEDINGS!

Officers Named for the Trustees of Taylor University--Other Preparations--To Solicit Stock.

At a meeting held last evening the officers of the board of trustees of Taylor university, were named as follows: President, Rev. A. E. Mahin; vice-president, Dr. C. B. Stemen; treasurer, Charles McCulloch; secretary, H. C. Schrader.

This afternoon the trustees of the Fort Wayne college are in session in this city for the purpose of considering a proposition from the officers of the proposed Taylor university to purchase the college grounds and buildings. If the terms of this proposition are accepted, as it is now supposed they will be, the next step of the promoters of the scheme will be to solicit stock from our citizens to establish said Taylor university. The substantial support of some of our people will be necessary for a successful founding of the new institution. The buildings will not be enlarged at present, but will be modernized to some extent.

A SHOCKING DEATH.

Fred W. Franz, a Fort Wayne Boy, Instantly Killed at Erie, Pa.

Mrs. Mary A. Franz, proprietress of the Windsor hotel, on South Calhoun street, received a telegram this morning bearing the shocking intelligence that her son, Fred W. Franz, was instantly killed at Erie, Pa., last night. The particulars were not given.

Fred Franz was twenty-one years old. He was raised in Fort Wayne and was very popular among his associates, who will be pained to hear of his death. Franz was a machinist and left here about five weeks ago to seek employment. It is thought he found work there and was killed by machinery while in the performance of his duty. The remains will be taken to Ada, O., for interment.

HELD UP.

Bernhard Schruntz, a German, Assaulted and Robbed of $26.

A middle-aged German, named Bernhard Schruntz, bearing marks of an encounter with something or somebody, informed Officer Quinn to-day that he had been attacked by tramps near the Pittsburg river bridge west of the city, last night. He claimed that he was robbed of $26, all the money he had, and was afterward assaulted and told to proceed on his way, which he did forthwith. The officer listened to his tale of woe and promised to do all he could to recover the money, Schruntz came from the neighborhood of Columbia City and being in poor circumstances, had walked all of the way.

Later Officer Quinn arrested two persons on suspicion, one of whom Schruntz identified as being one of the men who attacked him. The fellows gave their names as Ed Cunningham and Charles Fink. Both are tramps and no doubt gave fictitious names.

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it. H. W. COLEMAN,

A working woman said she would walk ten miles to get the Ball corset, if she couldn't get it without. She had had experience with it.

That corset is just as easy the minute you put it on as it is when half worn out.

You can go to your store and get it and wear it two or three weeks, and then you will know what comfort is in a corset. If you are disappointed in it in any way, go back to the store and get your money within three weeks or so—you'll get it. The maker pays the merchant to do that.

There's a primer on Corsets for you at the store.

Habitual Costiveness

causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

THE MUTUAL LIFE INSURANCE COMPANY,

OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance.—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five ——— LARS.

$578,345 00/100 — 29 DEC 28 1889. — CERTIFIED, Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

A BLOODY BATTLE!

Fought by a Colored Man With a Party of Desperadoes--Double Tragedy at La Crosse.

AUGUSTA, Ga., May 29.—A small band of disguised white men went to the home of Bentley Davis, colored, at Spring Place on Tuesday night, for the purpose, it is supposed, of whipping Davis' daughter, who had a few days before, had a difficulty with a white girl. At the first alarm Davis fired two shots from a shotgun, and then emptied his revolver into the crowd. By this time the men had surrounded the house, and were making their way into the door. Davis resorted to his axe, and began to defend himself from the onslaughters.

Davis says he is confident that he killed one of the white men by splitting his head with an axe, and that he seriously wounded two others. Daylight showed that a bloody battle had been fought. Blood stains were found and trails of blood were seen leading along the road in two directions from the house. Davis was found in the fields near by, where he had been left for dead. He was shot in the back by one of the mob, who, he says, chased him and shot him as he ran. The physicians say he can not recover. It is said that some of the parties in the mob are known, and that they will be punished for their unlawful attack upon Davis.

LACROSSE, Wis., May 29.—Charles Lind, formerly a dealer in general merchandise at Hillsboro, Vernon county, shot his wife, who is still living, and then committed suicide at his home in that village. The cause leading to the crime was financial embarassment. Two small children are left. He left a sealed letter containing instructions as to their future care.

SEDALIA, Mo., May 29.—It has been proven that Williamson, the murderer of the two Moores was also a wife murderer. The body of Mrs. Williamson was found yesterday buried in a hole on the premises in which they lived during the winter. She suddenly disappeared last July and Williamson said she had gone to Illinois on a visit. Three days later he claimed to have received information of her death. The remains recovered yesterday give evidence of foul play. Mrs. Moore, the wife of the Elder Jefferson Moore, was arrested last night for complicity in the crime. She denies her guilt.

JOLIET, Ill., May 29.—John Reinhart, aged 72 years, is missing. Yesterday he sold a block, getting $11,000. His family fear that he has become suddenly demented or has been murdered.

NEW YORK, May 29.—Shortly after 7 o'clock this morning Jacob Epstein, aged twenty-seven years, a cigarmaker, residing at 218 Eldridge street, shot his wife, Flora, in the back. He then turned the pistol on himself and fired a shot into his mouth. Both are thought to be fatally wounded.

WANTON ACTS.

Students of Miami University Confess to Outrages.

HAMILTON, Ohio, May 29.—The lady managers of the Western Female seminary sometime ago forbade the students of Miami university to visit the girls of the seminary. On Tuesday evening three of the female teachers drove to Oxford to attend a Methodist church social. When the social was over their $500 horse and carriage were missing. The horse was found yesterday morning dead and fearfully mutilated. Four Miami university boys have confessed to President Warfield, who refuses to give their names to the public.

THE PLAYERS' LEAGUE

Is Tired of Its Fight With the National League.

CHICAGO, May 29.—The Post this afternoon says the Players' league has tired of its fight with the National league and has issued a call for a secret meeting to be held in New York for the purpose of reconstructing its schedule so as to avoid all conflicting dates, or nearly all, with the older organization.

Secretary Brunnel, who was to have left for Indianapolis, was prevented from starting by being slightly injured while indulging in a bit of infield practice yesterday. If he recovers sufficiently to travel he may take the night train for New York.

REPUBLICAN RULE.

Indiana in a Bad Financial Way--$500,000 Deficiency Which the Next Legislature Must Provide For.

INDIANAPOLIS, May 29.—Indiana is in a bad way financially. The necessary running expenses are rapidly increasing, while the income is not, owing to inadequate taxation and under-appraisement. The state auditor has figured out a deficiency of $500,000, which the next legislature must provide for, either by increasing the tax levy or make a new loan. The increased levy and higher appraisement are, however, declared to be inevitably necessary.

CLEVELAND'S EVENT.

Everything in Readiness for the Dedication of the Garfield Monument.

CLEVELAND, Ohio, May 29.—When the sun goes down to-night everything will be in readiness for the dedication of the Garfield memorial. Fair weather is the only thing now needed to insure the success of the event.

President Harrison and party arrived at 12:55, the special train having made up lost time at the Pittsburg. Although the bluffs in front of the depot were black with people very little enthusiasm was manifested when the president and his associates made their appearance. Secretary Rusk, who was instantly recognized, received perhaps the heartiest welcome.

The president occupied the first carriage, which was drawn by coal black horses, with Commodore E. Ellis as escort. Then came Vice-President Morton, next Governor Foster, Attorney General Miller and Secretary Windom. Postmaster General Wannamaker and Major McKinley, General Rusk and S. T. Everett, carriages containing the reception committee bringing up the rear. In the business centers and along Euclid avenue the president was received and given a hearty greeting, crowds flocking around the carriage and endeavoring to shake his hand.

THE REBEL FLAG

Put Over Washington's Statue at Richmond, Va.

RICHMOND, Va., May 29.—Some one climbed up the statue of George Washington in the state house grounds this morning and put confederate emblems in the hands of the figure. Several protests have been entered against leaving the flags there but authorities refused to take them down and they are still there. Several other evidences of intense feeling are visible, but only in spots.

The Evening States has Robt. T. Lee, "America's greatest man," over its front office. In a speech made at the reunion of Picketts camp of Confederate veterans, last night, General Rosser said if Lee had known what the horrors of reconstruction would be he would not have surrendered at Appatomax.

WASHINGTON.

The Proceedings in the National Legislature.

WASHINGTON, May 29. The following bills were also laid aside favorably: Mankelton, Minn., $60,000; Milwaukee, Wis., (increasing limit to $1,400,000); Youngstown, Ohio, $75,000; Camden, Ark., $25,000; Sioux Falls, S. D., $150,000; Beatrice, Neb., $60,000.

The senate agrees that when it adjourns to day it will be until Monday. Routine business being transacted, the senate resumed consideration of the "original package" bill.

In the house to-day the senate bill was passed for the relief of the widow of Rear Admiral David McDougal. The house then went in a committee of the whole on public building bills.

LEE'S MONUMENT

Unveiled at Richmond in the Presence of a Concourse of People.

RICHMOND, Va., May 29.—With blare of trumpet, beat of drum and the booming of cannon, the monument to General Robert E. Lee, erected by the ladies of the south, was unveiled to-day in the presence of a great multitude of people. Colonel Archer Anderson delivered the address and the monument was then unveiled. The exercises were fraught with the deepest interest.

THIEF CAPTURED.

A Confidential Clerk Falls Into the Hands of the Officers.

KANSAS CITY, Mo., May 29.—Eliza Allen, the confidential clerk of Austin & Co., mortgage loan brokers, who recently absconded with $20,000 of his employers' money, was captured at Marquette, Mich., yesterday, and will be brought back at once. Although he was a married man, Allen was endeavoring to persuade a young lady to elope with him.

ANARCHIST ARRESTED

On Suspicion at Chicago for Friday Night's Deed.

CHICAGO, May 29.—Jas. Kaiser, an anarchist from New York, who has been ostensibly peddling religious books here, has been arrested on suspicion of placing the dynamite under the policeman's Haymarket monument. He is said to be a "red," but there is little evidence against him, except that he was seen lurking in the vicinity of the monument last Friday night.

HIT HILLS HARD.

The Jury Finds a Verdict of Three Years Against the Lightning Rod Swindler Hills at Liberty.

The jury in the case of Waldo Hills' went out last evening and had an all-night deliberation. A few minutes before 9 o'clock this morning the court house bell rang and it was known from this that the jury was ready to report a verdict. It was the signal for a rush to the circut court room, which was soon crowded with people, who were anxious to hear the verdict. Waldo Hills, the defendant, who was at liberty under bond, was among the first to arrive. As he took a seat near the judge's bench his pale face and nervous demeanor told plainly that he had not slept well during the night. The sealed verdict was handed to Acting Judge Allen and he read it. It sentenced Hills to three years in the penitentiary, and as the judge read it there was a silence so intense that a pin could have been heard to drop, but the stillness soon gave way to audible murmurings among the crowd, nearly all of whom seemed surprised.

Attorneys Henry Colerick and J. R. Bittinger, attorneys for the defense, gave notice at once of their intention of filing a motion for a new trial. Prosecutor J. M. Robinson then asked the court to require an increased bond, which was overruled by Judge Allen. Hills was then at liberty under the old bond of $1,000, signed by Fred C. Boltz and Richard C. Ross. Should the court refuse to grant a new trial the case will go to the supreme court.

Hills has many friends who attribute his heavy sentence to an unbalanced jury, there having been ten farmers and two other citizens in the box. The first ballot of the jury was 10 to 2 for conviction.

The charge on which Hills is convicted is that of swindling a farmer named William Wareup in a lightning rod deal. In the evidence much was elicited that nearly everyone thought would be favorable to Hills but it seems it was not. One court has decided that he has perpetrated a big swindle and now it remains to be seen what another court or jury will find. The strong prosecution in the hands of Prosecutor Robinson and Walpole G. Colerick, it is thought, had a great deal to do with the verdict.

IT WAS A BEAUTY!

Yesterday's Game Between Fort Wayne and Muncie Results in a Victory for Our Boys.

"It was a beautiful game!"

Such was the universal opinion of those who saw the game of base ball played yesterday afternoon on the league grounds between the Fort Waynes and the Muncies.

The Fort Waynes had just returned from a tour during which they had suffered some pretty bad defeats. They had been unmercifully "knocked out of time" at several places, and their star was in the descendency. True, they had won the day before in a game with the Bluffitons at Bluffton, but their friends had lost confidence in them and the general verdict was that they were "no good." Hence two victories coming in succession to them somewhat surprised everybody, and Fort Wayne's chances of winning the pennant went up "a peg or two."

Their victory may have been partly due to the fact that they were playing upon their own grounds. It is an old saying that a rooster always fights better in his own barn yard. Our boys were at home. They were surrounded by friends who wished for their success and cheered their every good play. This fact undoubtedly cheered them, prompted them to do their "level best," and may have contributed much to making them victorious. Whatever the cause, however, it is an undisputed fact that Fort Wayne played good ball yesterday and earned the success that came to them.

Gallagher, on account of the injury to his arm, was unable to pitch and Bruton, who has been playing at short, was put in the box. He proved a success, and a surprise to the audience, who in the latter part of the game testified their appreciation of his playing by raising a purse of $10 for him.

The game opened with Fort Wayne at the bat, Allen being the first striker. He went out at first on a short hit, followed by Quirk and Bruton without a tally. The Muncies were also retired without a run, and for three innings neither sent a man around the bases, but in the fourth inning Bruton made a circuit of the diamond, reached home base and scored the first run for Fort Wayne amid thunders of applause from the audience. The game went on with almost faultless playing on both sides until the eight inning when Fort Wayne scored two more runs which they repeated in the ninth making five tallies and a clean score of whitewashes for the visitors.

The game was the best game that has been played on the ball grounds this season, and the large audience present showed their appreciation by the profuse applause, not only at the good plays made, but of the gentlemanly and impartial manner in which Umpire Burnett rendered all his decisions. He not only controlled the players but the crowd as well and prevented the customary amount of hooting, yelling and kicking, which has always emanated from the "bleachers."

The score by innings yesterday was:

	1	2	3	4	5	6	7	8	9
Fort Waynes	0	0	0	1	0	0	2	2	—5
Muncies	0	0	0	0	0	0	0	0	—0

IMPORTANT PROCEEDINGS!

At a meeting held last evening the officers of the board of trustees of Taylor university, were named as follows: President, Rev. A. E. Mahin; vice-president, Dr. C. B. Stemen; treasurer, Charles McCulloch; secretary, H. C. Schrader.

This afternoon the trustees of the Fort Wayne college are in session in this city for the purpose of considering a proposition from the officers of the proposed Taylor university to purchase the college grounds and buildings. If the terms of this proposition are accepted, as it is now supposed they will be, the next step of the promoters of the scheme will be to solicit stock from our citizens to establish said Taylor university. The substantial support of some of our people will be necessary for a successful founding of the new institution. The buildings will not be enlarged at present, but will be modernized to some extent.

The remains will be taken to Ada, O., for interment.

HELD UP.

Bernhard Schruntz, a German, Assaulted and Robbed of $26.

A middle-aged German, named Bernhard Schruntz, bearing marks of an encounter with something or somebody, informed Officer Quinn to-day that he had been attacked by tramps near the Pittsburg river bridge west of the city, last night. He claimed that he was robbed of $26, all the money he had, and was afterward assaulted and told to proceed on his way, which he did forthwith. The officer listened to his tale of woe and promised to do all he could to recover the money. Schruntz came from the neighborhood of Columbia City and being in poor circumstances, had walked all of the way.

Later Officer Quinn arrested two persons on suspicion, one of whom Schruntz identified as being one of the men who attacked him. The fellows gave their names as Ed Cunningham and Charles Fink. Both are tramps and no doubt gave fictitious names.

THE convention of German Catholic societies of Wisconsin, in session at Milwaukee this week, determined to make a vigorous fight against the Bennett law, and unanimously adopted the resolution, of which the following are a part: "Because the so-called Bennett law unnecessarily and unjustly curtails our religious liberty, we hereby declare ourselves for the unconditional repeal of the law. Whatever good there is contained in the law has been long ago offered by other laws, and, therefore, we can not recognize from it any other intention but this—to compel citizens who provide for the education of their children to adopt methods of those who hate their religion and nationality. We, therefore, also declare that, without regard to party connections, we will only vote for such candidates who pledge themselves to work for the repeal of the law."

REPORT OF COMMITTEE ON GAS AND STREET LIGHTS.

We, your committee on gas and street lights, to whom was referred the petition of Mr. T. D. DeVilbiss, praying for the removal of an electric tower from the corner of east Creighton avenue and Thomas street, which he claims is partially erected on property which belongs to the petitioner. In examining the locality of the tower in question, we find one post partially intrudes upon the property in question. But as to what action should be taken in the matter, we are in doubt and would ask for further time to report upon this petition, and would also ask that the city attorney be added to the committee to whom this petition was referred.

REPORT OF COMMITTEE ON PUBLIC GROUNDS AND BUILDINGS.

We, your committee on public grounds and buildings respectfully report as follows:

1. In regard to the petition of C. C. Moore asking the council to sell him a strip of land in Dawson's subdivision, will report that we have examined carefully into the matter and find that the city is not owning said strip of land, which petitioner wishes to buy.

2. In favor of the proposition of the Salimonie Mining and Gas company to light the different rooms and places in the city government, as it will be a saving to the city of at least $500 per annum and we recommend that the city attorney be instructed by the concurrence of this report to report contract at the next regular meeting of this council.

3. In regard to the bids of the different architects for plans and specifications for the construction of the two engine houses, will report that this committee is of the opinion that this is not a wise course to pursue. We therefore ask the council that this committee and the chief of fire department submit to this council by next regular meeting plans and also estimates for the construction of the two engine houses, of which the proper selections can be made.

4. In regard to the bid of John H. Lehman for doing scavenger work for the unexpired term of John Barlager from May 1, 1890, to October 1, 1890, for one hundred and twenty dollars ($120), this committee believes the bid is too high and therefore recommends that the committee on public grounds and buildings be instructed to readvertise for sealed proposals for doing the scavenger work for the city of Fort Wayne for one year.

REPORT OF COMMITTEE ON STREETS.

We, your committee on streets and alleys, respectfully report:

1. In favor of the resolution of Councilman Ofenloch to grade and pave the sidewalk on the west side of Smith street, from Creighton avenue to Pontiac street, as proper notice was given and adverse to the remonstrance relating to said improvement, as the same is necessary and dangerous to the public.

2. In favor of the resolution of Councilman Smith to grade Eliza street, from the east line of Gay street to the west line of McCulloch street.

3. In favor of the resolution of Councilman Gordon to grade and pave with brick the sidewalks on the south side of Taber street, from Calhoun to Clinton street.

4. In favor of the resolution of Councilman Gordon to grade and pave with brick the sidewalk on the east side of Calhoun street, from the north line of lot 350 Hamiltons fourth addition to Pontiac street.

5. In favor of the resolution of Councilman Gordon to grade and pave with bricks the sidewalk on the south side of Taber street, from Lafayette street to Hanna street.

6. In favor of the resolution of Councilman Gordon to grade and pave with brick the sidewalks on the north side of Suttenfield street, from Calhoun street to Clinton street.

7. In favor of the resolution of Councilman Gordon to grade Taber street from Calhoun to Clinton street.

8. In favor of the resolution of Councilman Gordon to grade Suttenfield street, from Calhoun to Clinton street.

9. In favor of the resolution of Councilman Scheid to grade and pave with brick the sidewalk on the south side of Murray street, from Clinton to Barr street.

10. In favor of the resolution of Councilman Scheid to grade and pave with brick the sidewalks on the south side of Creighton avenue, from Lafayette to Hanna street.

11. In favor of the resolution of Councilman Scheid to grade and pave with cedar block Hanna street, from the south line of DeWald street to the south line of Creighton avenue and curb with stone curbing both sides of said street.

12. In favor of the resolution of Councilman Scheid to grade and pave with cedar blocks Lafayette street, from the south line of Murray street to the south line of Hamilton street, and curb with stone curbing both sides of said street.

13. In favor of the resolution of Councilman Smith to grade and pave with brick the sidewalk on the south side of Eliza street, from Francis to Gay street.

14. In favor of the resolution of Councilman Boltz to grade Oakland street, from Spring street to Archer avenue.

15. The plat of Thomas DeVilbiss subdivision of lots No. 9 and 10 Hanna's plat of lot No. 11, referred to your committee, report in favor of accepting the same, as we can find no objection to it.

16. In relation to the remonstrance of P. Cramer and others objecting to the plat of Thomas DeVilbiss to be accepted by the city, would say that this council ought not stop a person to replat his lots as long as he does not interfere with the free use of streets and alleys and the regularity of the same; we therefore report adverse.

17. In favor of petition of Daniel Hickman and others asking to have the alley graded between Sherman and Oakland streets from Spring to Huffman street.

18. Also in favor of bill amounting to $5.50, rent for using reversible road scraper belonging to Pontiac Manufacturing company and request the street commissioner to return the same.

19. In favor of petition of Thomas Pritchard asking this council to have a sidewalk constructed on the east side of Hoffman avenue from Creighton avenue to [illegible] street.

20. Mr. Wm. [illegible] represents to this council that he has already an asphalt walk in front of his lot No. [illegible] Williams addition, on the north side of Creighton avenue. We recommend that said walk be accepted by the council.

21. Also in favor of petition of [illegible] asking to [illegible] the [illegible] a width of [illegible] feet [illegible] providing the above [illegible] of forty dollars for [illegible] for the purpose of paying the expenses in case said parties [illegible] with the [illegible].

22. There is no objection to the approval of the plat subdivision [illegible] on the west side of the [illegible] lot No. [illegible]. We recommend its approval.

23. In relation to the resolution of Councilman Hilgemann regarding the relaying of the stone gutters on the line of the new street paving, we report adversely, because the contracts have already been awarded for the paving of such streets according to the plans and specifications of such streets and because if all such places as between the two kinds of improvements they shall pay for, and we believe it would seriously interfere with the use of some of the streets and impair the appearance of all.

24. In regard to the petition of Bancke & Co. asking permission of the common council to unlawfully obstruct a public street by placing thereon an upright box sign two feet by two feet square, we respectfully report that such petition to the street would be unlawful and if the council was to grant such petition, it would give petitioner no right so to do, and under the state law it would be the duty of the marshal and police to prosecute them therefor, and if said obstruction has been or will be placed upon said street, we recommend that the officers be instructed by His Honor, the mayor, to cause its prompt removal.

25. We have examined the report of the city commissioners in relation to the vacation of Lewis Street and find the same regular, therefore we recommend its acceptance.

26. In consideration of the report of the city civil engineer recommending the appointment of Wm. T. Pratt as inspector of public works, we report: All street improvements, including sewers this year ordered, provide for the expenses of inspector to be collected upon the property benefitted. While we acknowledge the right of the engineer to designate the inspector, it must be by the approval of the common council. We therefore recommend that the property owners on the line of the different improvements be invited to harmonize upon a proper person as such inspector of each contract and submit the names of such persons to the city civil engineer for his selection and we are sure that he will submit their names as his appointments to the council for its approval. By reason of such method there is no reason for the appointment of a general inspector, but if the property holders upon the line of any particular improvement suggest the name of Mr. Pratt as their choice and the engineer recommend his appointment we would advise his approval. The services of inspector ends whenever the proposed work on said particular contract is finished.

27. In relation to the communication of Mr. Newton asking further time to comply with the resolution passed at a recent meeting to build a sidewalk on the west side of Fairfield avenue, between the Wabash road and Pittsburg road, we would recommend that a further time of 30 days be granted and upon failure to comply with said request contract for said work be approved to the lowest and best bidder.

28. The petition of property owners on East Wayne street amounting to 1,949 feet frontage comes before you again and asking to have said street paved with West Virginia paving brick. It is not necessary to say much on this subject, as there has been a different petition presented to this council. We believe as there are now so many asking again for this particular pavement it would be policy for this council to grant their request, we therefore report in favor of the petition.

We recommend the following contracts to be approved:

29. To James Fox, to grade the alley between Lewis and Summit streets.

30. To Gust. Horstman to grade and pave with brick the sidewalks on the west side of Harrison street.

31. To Gust. Horstman to grade and pave with brick the sidewalks on the east side of Harrison street.

32. To John McCann to grade Suttenfield street, from Lafayette to Hanna streets.

33. To George Wilhelm to grade Putnam street, from Wells street to Franklin avenue.

34. To Charles Becker to curb with stone curbing both sides of Calhoun street, from DeWald street to Creighton avenue.

35. To John McCann to regravel Brackenridge street, from Calhoun street to Webster street.

36. To Joseph Derheimer to grade and pave with cedar blocks East Main street, from Barr street to Lafayette streets.

37. To Jos. Derheimer to grade and pave with cedar block and curb with stone curbing DeWald street, from Fairfield avenue to Broadway.

38. We reject the bid of John Bertels to grade and pave the sidewalk on the east side of Clinton street, for the reason that the bids for grading is too high, and recommend the engineer to readvertise.

39. We also reject the proposal of John McCann for a two foot extension on Harrison street, as the same is too high.

40. In relation to the report of the city civil engineer asking to have the scales belonging to F. Helling, on Jefferson street removed report in favor of same and recommend the street commissioner be instructed to give the proper notice.

41. We also report in favor of the bill for $3,150 for the steam roller, as it fills the requirements of the specifications. As far as we can ascertain from the parties the said roller is in all things regular.

42. On account of the bad and wet weather we had this past winter and spring our improved streets, especially the macadamized streets, are in such a condition as needs immediate attention; we therefore report that your committee be instructed to purchase three or four car loads of broken stone and repair said improved streets at once, as requested by the street commissioner in section 2 of his last report to the council.

43. We would also recommend that all streets should be graded before any sidewalk be ordered on such street; this would stop a good many complaints from citizens.

44. The bridge on Shawnee run will be raised higher from its present position and we would suggest that abutments should be built on both sides of the banks; this would be more substantial than piling and sheeting, as now under consideration. We would ask to have this section referred to the engineer to report his opinion in relation to the above suggestion at its next meeting.

45. We would also call the attention of the builders and contractors obstructing the streets in the different parts of the city to the city ordinance, and the permits read very plainly what part and how much of the street they can occupy. It is the officers' duty to see to it that all such ordinances are lived up to the strict letter of the law. We especially call attention to the corner of Gay and Horace streets. Half of the sidewalk is cased in and about three-fourths of the street is obstructed. We recommend that the day officers be instructed by his honor the mayor to bring all parties violating the rules to justice, otherwise the city will be called on to pay big damages.

3. We dismissed Leonard Fuchshuber, lieutenant of police, for cause and appointed Henry Lapp in his place.

4. We also suspended E. Richter for thirty days for violating the rules.

REPORT OF CITY TREASURER.

I respectfully report that I have collected $[illegible] on first installment of principal and interest, which is due the Barber Asphalt Paving company. REPORT OF CITY ATTORNEY.

I respectfully report to you that in December, 1886, Mrs. Eliza Breese recovered judgment against the city of Fort Wayne for $1,000 with costs for injuries received on defective sidewalk on Murray street, from which judgment the city appealed to the supreme court, where the case has been pending for three and a half years. Two months ago the case was decided against the city in that court and I filed a petition for a rehearing, which was overruled by the court. There remains nothing now to be done except to pay the judgment, interest and costs. By doing so promptly further cost and interest is saved. I therefore recommend that it be referred to the mayor and finance committee with power to act.

REPORT OF STREET COMMISSIONER.

1. The following streets that I report are not intended to be paved this year, namely: Wayne street, from Hanna to Hanover street; Maumee road, from Schick street to Lillie street; Lewis street, from Calhoun to Division street; Lafayette, from Lewis to the railroad. All the above named streets are in a very bad condition and should be repaired as soon as possible. To put said street in a reasonable condition will require an expense of between $750 or $800. To fill Maumee-road alone to a proper grade along the Lutheran college grounds so as to turn surface water into the cobble stone gutters, will require a fill of 18 inches, or about 100 cubic yards of gravel, or a cost of about $250. I would wish to be instructed by your honorable body as to whether I should make the above named improvements soon, as the citizens along the line of said streets are complaining.

2. The alleys between Clinton and Barr and Main and Columbia streets are in a filthy condition; the old planks are rotten and stagnant water remains there, making it injurious to health. The alley should be paved.

D. O'BRIEN,
Street Commissioner.

Referred to the committee on streets.

REPORT OF HEALTH OFFICER.

At the corner of Wall and College streets there is a place in bad condition for fifty feet north of College street, on Wall street. The street is below grade and full of water, which needs immediate attention. Said portion of Wall street should be graded to the height of the balance of the street. Also on College street from the Pittsburg, Fort Wayne and Chicago railroad to Wall street, needs grading. The present condition of said streets is a nuisance to the neighborhood. I hope you will have this matter attended to at once.

DR. L. T. STURGIS,
Health Officer.

Referred to the committee on streets.

REPORT OF CITY COMMISSIONERS.

The undersigned, the city commissioners, respectfully show to your honorable body that in pursuance of a notice from the city clerk, they met at the council chambers of the city of Fort Wayne, on the 19th day of May, 1890, at 10 o'clock a. m. to hear and determine all matters concerning the vacation of two feet off of east line of Lafayette street, between Holman street and the Pittsburg, Fort Wayne & Chicago railroad right of way and in accordance with said notice, and the law in such cases, they examined the property sought to be vacated; that they viewed the real estate in the vicinity of said street and estimated the benefits thereto, by reason of said vacation, and make assessment of benefits as below set out, viz: Lots 284, 283, 281, 285, 286 and 287, Lewis' addition and space south of Hough street between Lafayette street and lot 286, Lewis addition, part north west quarter, section 12, township 30, range 12, owned by the Pittsburg, Fort Wayne & Chicago railroad company, benefitted $100.00.

We recommend that said strip be vacated as proposed, and that the benefits assessed, be paid and collected according to law.

GEORGE FOX,
J. DICKERSON,
P. H. KANE,

TAKE S.S.S. IN THE SPRING.

Nature should be assisted in the spring to throw off the heaviness of the sluggish winter circulation of the blood. Nothing does it so well, so prompt or so safely as Swift's Specific.

I have used S. S. S. for a number of years, and consider it the best tonic and blood remedy that I ever used. In fact I would not attempt to enter upon a spring or summer in this climate without it. H. W. COLEMAN,

A working woman said she would walk ten miles to get the Ball corset, if she couldn't get it without. She had had experience with it.

That corset is just as easy the minute you put it on as it is when half worn out.

You can go to your store and get it and wear it two or three weeks, and then you will know what comfort is in a corset. If you are disappointed in it in any way, go back to the store and get your money within three weeks or so—you'll get it. The maker pays the merchant to do that.

There's a primer on Corsets for you at the store.

Habitual Costiveness

causes derangement of the entire system, and begets diseases that are hazardous to life. Persons of costive habit are subject to Headache, Defective Memory, Gloomy Forebodings, Nervousness, Fevers, Drowsiness, Irritable Temper and other symptoms, which unfits the sufferer for business or agreeable associations. Regular habit of body alone can correct these evils, and nothing succeeds so well in achieving this condition as Tutt's Pills. By their use not only is the system renovated, but in consequence of the harmonious changes thus created, there pervades a feeling of satisfaction; the mental faculties perform their functions with vivacity, and there is an exhilaration of mind and body, and perfect heart's ease that bespeaks the full enjoyment of health.

A MARVELOUS PREMIUM.

THE MUTUAL LIFE INSURANCE COMPANY, OF NEW YORK, SECURES IT.

Nearly $600,000 Paid by Members of one Family for Insurance in the Mutual.—The Most Stupendous Transaction Known in the History of Insurance,—"It has Never Been Done Before; It Never Will Be Done Again."

—E. C. POTTER & CO.—

No. 799. New York, Dec. 24, 1889.

BANK OF NEW YORK.
National Bankers Association.

Pay to the order of L. C. HOPKINS, Genl Executive Agent

Five hundred and Seventy Eight Thousand, Three Hundred and Forty Five —— LARS.

$578,345 00/100 — 29 DEC 1889 — CERTIFIED. Payable through New York Clearing House, N. B. A. — E. C. POTTER & CO.

The above check was received by the Mutual Life Ins. Co. of New York, for Insurance effected upon the lives of five members of the illustrious Havemeyer family of the City of New York. The Policies selected were the 10 year guarantee contracts of the Mutual Life's with the annuity feature added. Each policy was for the sum of $100,000 and the insured chose to make but one payment, thus commuting the cost. The insurance covered by the above mentioned premium payment of $578,345.00 was upon the lives of Mr. Theo. A. Havemeyer, the well known Merchant of this City, and Four members of his family. Mr. Theo. Havemeyer, is the Austrian Counsel General and a Gentleman of wide influence and of great business sagacity. Mr. E. C. Potter, whose signature is appended to the check, is the son in-law of Mr. Havemeyer, and is one of the most prominent of bankers and brokers operating upon the stock exchange. There are two significant points for consideration in connection with this Insurance.

First, that the Messrs Havemeyer seeking a profitable and safe investment of a vast fund, selected Life Insurance as offering more advantages and greater security than any other form of investment. Second That they had such faith in the management and stability of the Mutual Life Insurance company of New York, that they willingly entrusted to its care nearly $600,000 in cash without any security whatever, and only the PROMISE of the company to pay.

The particulars of the life insurance contracted for by the family of Mr. Theo. A. Havemeyer, with the MUTUAL LIFE INSURANCE COMPANY, by which that institution received a single premium payment of $578,345.00, will excite wonderment and surprise in the world of underwriting, and set the general public to thinking of the possibilities of life insurance as an investment.

The idea of a party with six hundred thousand dollars of spare cash on hand, putting it all into life insurance.

Why didn't they build houses or purchase stocks, or do a dozen other things with it? Life insurance for an investment! That's all very well, some people think, if you must do it. But here are five members of one family engaged in merchantile pursuits, fully alive to the value of every financial scheme of importance in this or any other country, who after examining every tempting investment, came to the conclusion that the safest, most profitable and altogether desirable one, is that offered by the MUTUAL LIFE.

Then think of the fact that all this money, far exceeding half a million dollars, is placed in the hands of the company without other security than its promise to pay. If that is'nt an evidence of confidence, what could be?

IT'S THE LARGEST, STRONGEST AND BEST LIFE INSURANCE COMPANY IN THE WORLD. Its assets are thirty millions greater than those of any other American Life Insurance company. Over eighty millions greater than those of any life office in Great Britain, and sixty millions greater than the entire funds of the bank of England, which is the largest banking institution in the world.

The Mutual Life Issues Every Desirable Form of Policy.

Dr. Sittlawcr, the famous Austrian oculist, during the course of a recent lecture at Vienna, related the following story of Dom Pedro of Brazil. He said that one of the Emperor's dearest wishes had been to have a big hospital at Rio, but that he lacked the money wherewith to build it, and the wealthy people could not be induced to subscribe. Then an idea came to him, as it had to the German Emperor Joseph a century ago. He began to grant life peerages to all persons who were willing to subscribe good round sums toward the hospital. The patents of Count, Viscount, and Baron were not hereditary, and if the children wished to inherit their father's title they had to pay for it afresh. Brazil became peopled with nobles, and the hospital was built on a grand scale. When it was completed, Dom Pedro had the following inscription placed on its gates: "Vanitas Humana Miseriæ Humanæ—Human Vanity to Human Misery."

There is a woman in New York who is an author, a doctor, an artist, and an actress. After breakfast in the morning, she spends a couple of hours over the manuscript of the story or essay which she has been employed to write. From 10 to 2 she practices medicine, and receives patients in her "office." She next works at her easel as a painter, until 6, and makes pictures, for which she finds buyers. After dinner and an hour's rest, she betakes herself to the theater, when she plays the light part for which she may be set down in the cast. Besides all this, she is a mother, and knows how to make her own clothes, and understands how to use her income from all her professions. And there are men who talk of the inferiority of the female sex, as compared with their own.
